

Cleaning Solutions for Education

World Class Cleaning & Hygiene Solutions™

Servicing Education

National Chemical Laboratories, Inc.

With a nearly 70-year tradition of providing superior performance cleaning and maintenance products, NCL® has grown to become a leading supplier in the United States serving the K-12 Education Market. With over 270 unique product solutions for hard surface floor care, restroom care, hand care and many other cleaning programs, NCL® can give your facility everything you need to maintain clean, healthy buildings.

Sustainable Healthy Green Cleaning

NCL® leads the industry with sustainable, environmentally responsible cleaning systems. Long before "Green Cleaning" became popular in the marketplace NCL® sponsored the Green Seal GS42 Standard for Commercial and Institutional Cleaning Services.

Today, we partner with independent third party organizations such as Green Seal® and the Healthy Schools Campaign to encourage the use of products, procedures and processes that minimize environmental impact and reduce health hazards.

Local hands on training for your staff

NCL® offers extensive local training support for your staff through our nationwide team of factory trained regional representatives. They lend assistance with local seminars, and hands-on procedures training. In addition, NCL® Online University is designed by industry knowledgeable cleaning professionals and offers ISSA CMI Verified training programs. From floors to restrooms to classrooms, NCL® has the expertise to help make cleaning your facility easier and keep it on budget.

NCL® is dedicated to manufacturing and delivering World Class Cleaning Solutions® that satisfy your cleaning and maintenance needs.

Our Focus is on Your Cleaning Needs!

NCL® understands the importance of delivering a safe, clean and healthy environment for your faculty, students, employees and guests. NCL's On The Mark™ Healthy Green Cleaning For Education Program provides the tools you need to succeed.

- Establish a comprehensive Green Cleaning Program
- Creates a teamwork approach to servicing your facilities.
- Creates a robust Quality assurance program.

Use the best products, procedures, and processes.

We Give K-12 Education More!

NCL® has over 30 years servicing the K-12 Education Market

NCL® has a long, strong relationship of providing K-12 with high quality products and training, World Class Cleaning Solutions®.

Clean, Healthy Schools Increase Attendance.

According to the Centers for Disease Control and Prevention (CDC) more than two-thirds of school-aged children miss a day or more of school each year due to illness.

Training your staff and Develop a relationship.

Providing quality hands on training at your location. NCL® factory trained regional sales managers spend a significant amount of their time dedicated to K-12 schools, providing training, evaluating, problem solving, improving safety, and helping the schools look for ways to improve processes that bring about labor savings or budget savings.

Schedule a demonstration.

See our product quality first hand. Contact us and setup a local demonstration in your school.

NCL® offers a complete line of cleaning products to meet all the cleaning needs for K-12 Education.

Local distribution support.

Local dealer partners means that the money stays in the local economy helping other local business & families. Faster delivery and friendlier service.

Bid programs. GPO's, GSA Contracts

NCL® contracts with nationally recognized Group Purchasing Organizations (GPO's), including Purchasing Corporation of America (PCA). NCL® also participates in many Regional, State and Local Bid Contracts.

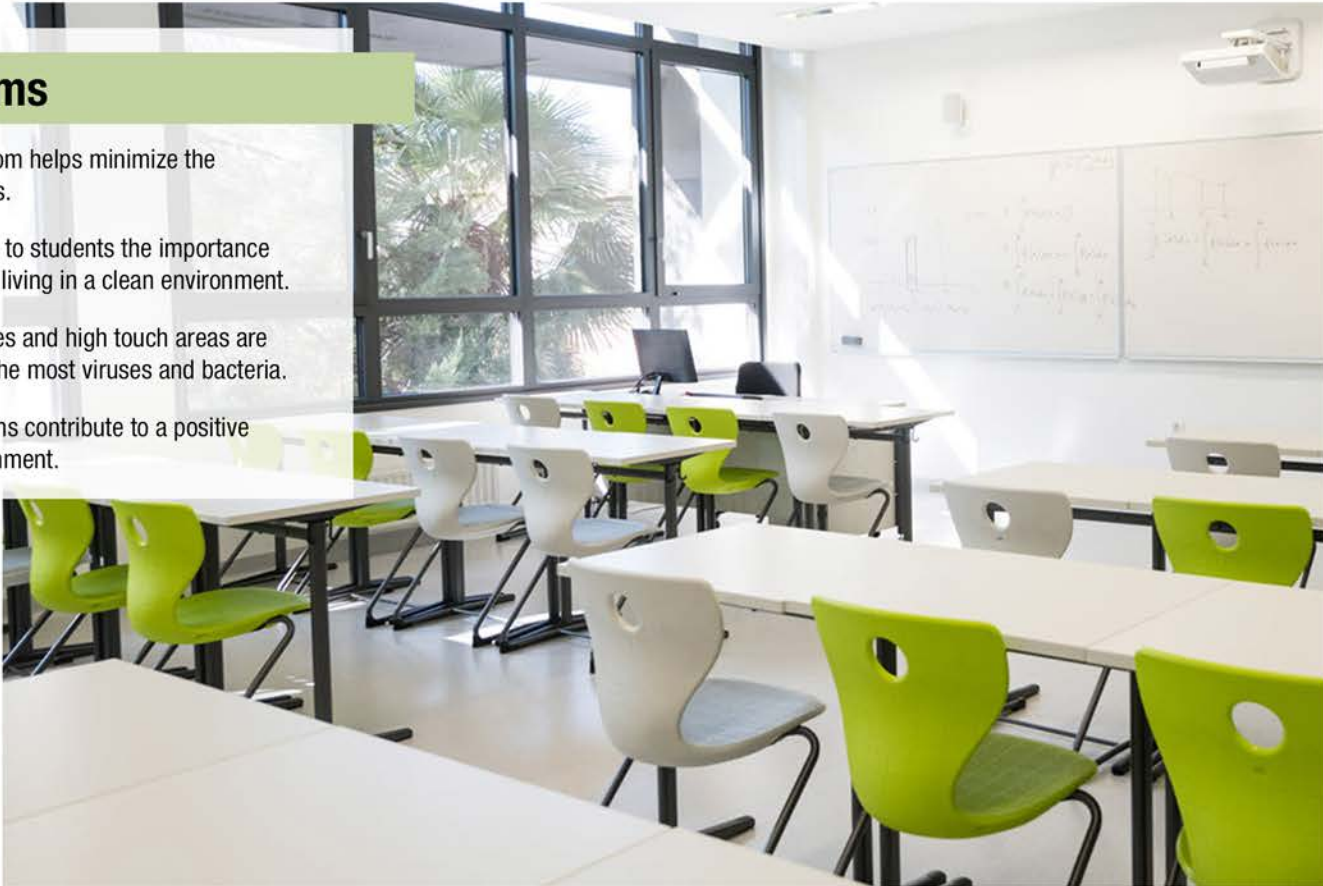

World Class Cleaning Solutions®

Cleaning Locations

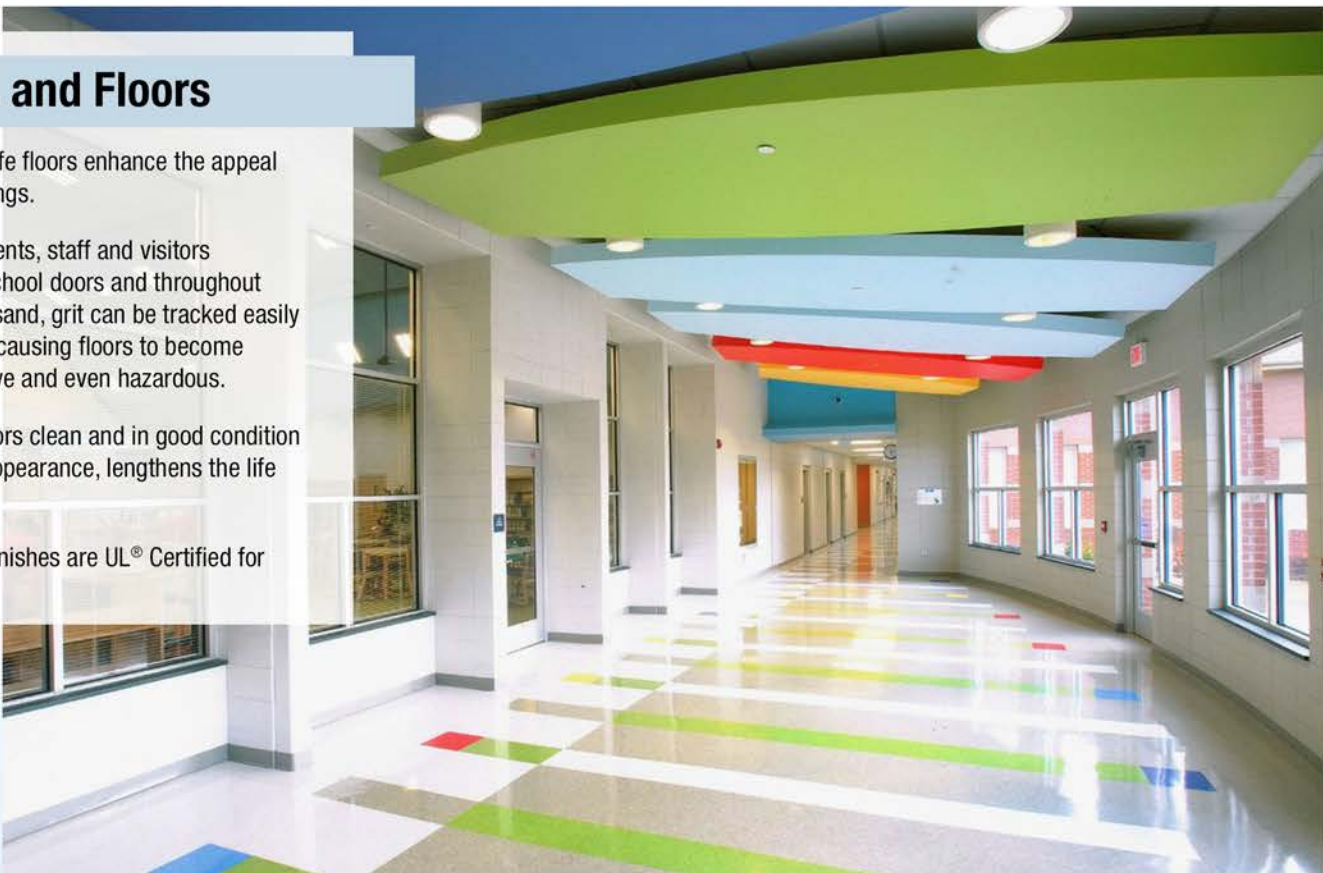

Classrooms

- A clean classroom helps minimize the spread of germs.
- It demonstrates to students the importance of cleaning and living in a clean environment.
- Desktop surfaces and high touch areas are shown to host the most viruses and bacteria.
- Clean classrooms contribute to a positive learning environment.

Hallways and Floors

- Clean, shiny, safe floors enhance the appeal of school buildings.
- Every day, students, staff and visitors walk through school doors and throughout buildings. Dirt, sand, grit can be tracked easily into a building, causing floors to become dirty, unattractive and even hazardous.
- Keeping the floors clean and in good condition improves the appearance, lengthens the life of the floor.
- All NCL® floor finishes are UL® Certified for slip resistance.

Use the best products, procedures, and processes.

Restrooms

- Restrooms are generally a good indication of the school's attention to cleaning detail.
- Clean, sanitary restrooms help prevent the spread of germs.
- NCL® has EPA registered disinfectants for all restroom surfaces.
- Students are less likely to make a mess and feel safer about using restrooms that are maintained properly.

Gymnasiums

- Gym floors come in all types. Hardwood maple flooring, synthetic materials, sheet rubber and vinyl composition tile (VCT).
- NCL® has a solution for you to keep floors clean and properly maintained regardless of the type of flooring.

Other Areas

- NCL® has the solution for any specialty floor.
- Whether it's luxury vinyl tile, composite floors, linoleum, rubber tile, terrazo, ceramic, concrete or other unique surface, NCL® has a maintenance program to save you time and money.

The Right Solutions
