

Think ahead.

Secure the new hygiene standard

Your guide to the tools, insights, and hygiene product recommendations you need to help you create safer work environments and secure the new hygiene standard.

Restroom, dining & hygiene in the new normal

We know how COVID-19 is spread...

According to the CDC,¹ COVID-19 spreads easily between people who are in close contact with one another (within about 6 feet) through respiratory droplets produced when an infected person coughs, sneezes or talks.

.....

81%

of global survey respondents say they expect public restrooms will provide a safer hygiene environment now than before the COVID-19 crisis.²

.....

48%

of global survey respondents agree or strongly agree they are less likely to go to places that do not offer paper hand towels as a hand drying alternative.²

Tork Back to Business toolkit

You want to get back to business. Reopen safely and responsibly. And we're here to help you get it done. Our Tork global hygiene experts have put together a Back to Business toolkit. Complete with hygiene signage, checklists and more. All of which will help us secure the new hygiene standard. Together.

Print-ready files available to download.
